Subject: Re: Draft Proposed Plan, Arimetco OU

Thanks Dante.

First problem I see is the NDEP and BLM logos at the top are missing. I will continue to review when I return next week but I thought you better get that piece to them immediately.

Thanks,
Jeryl

> Attached is the draft Proposed Plan for the Arimetco OU, Anaconda Superfund Site, in complete lay-out. Please review and submit any comments to me by COB Thursday, Oct 20 (next Thursday). I will compile EPA's comments and submit to Jeryl (and Dave D. will do the same with the BLM comments). At NDEP's request, we are trying to shave time off this review as well as the next revision step in order to issue the PP earlier than planned, so that we can complete the public comment period before Christmas. Please let me know if you will have any problem meeting this timeframe. Thank you!
